

# Professional Rigo Back Pack

## TECHNICAL DATA SHEET

For technical data of the individual turbines series TMR see the individual product technical data sheet.

<b>TPC01N Back pack frame for turbine transportation</b>	
Frame material	Iron painted in black
Spray gun	MAF
Type of tank	Mix of bottom and gravity tank with a screw closure
Tank material	Solvent resistant polypropylene
Tank capacity	6 Lt
Pressure tank regulation	The flow rate of the pressure is determined by the combined turbine model
Weight	3 kg
Turbine compatibility	TMR55-80-140-90E-150E-180E

<b>Spray gun MAF</b>	
Body	Aluminum
Nozzle (mounted)	Ø 3 mm
Air cap (mounted)	For paints (blue)
Product quantity regulation	Back screw
Weight	600 gr
Turbine compatibility	TMR55-80-140-90E-150E-180E
Sprayable materials	Solvent* - based and water -based paints, wall paints (see the section USE)

(\* ) ask for the suitable hose and nozzles for spraying solvent-based products
